

Avianca signs new multi-year distribution agreement with Sabre to drive agency sales and revenue growth

July 19, 2022

The three-year agreement will provide the agency community access to Avianca's content worldwide through the Sabre marketplace, including NDC offers

SOUTHLAKE, Texas, July 19, 2022 /PRNewswire/ -- [Sabre Corporation](#) (NASDAQ: SABR), a leading software and technology provider that powers the global travel industry, today announced a new distribution agreement with Avianca, the largest flag carrier in Colombia, which will help enable the airline to power future revenue growth while reaching new market segments.

Avianca selected Sabre's global distribution system (GDS) to distribute its flights and services, providing Sabre-connected travel buyers and agencies with access to relevant content and choices. Avianca will also distribute its New Distribution Capability (NDC) content through the Sabre marketplace.

"Embracing NDC distribution and creating more differentiated content that reflects the needs and wants of today's traveler is more important than ever. At Avianca we are convinced that implementing NDC at scale is key to deliver better content and solutions to travelers," said Catalina Nannig, vice president of Sales & Distribution at Avianca. "Sabre is an important partner, and its robust and scalable solutions can help us optimize our global distribution strategy. We're thrilled to be joining Sabre's [Beyond NDC](#) family at this key moment for the travel industry."

Founded in 1919, Avianca is headquartered in Bogotá, Colombia, with its main hub at El Dorado International Airport. The airline offers over 60 destinations in the Americas and Europe.

Going beyond NDC is a corporate priority for Sabre as an enabler of its vision to be the premier global technology platform in travel. Today, more than 3,000 agencies are shopping, booking, and servicing NDC content through the Sabre marketplace. Sabre is engaged with more than 25 airlines to distribute their NDC content through its GDS.

"As travel demand continues to pick up, NDC enables a more dynamic distribution environment where it is easier to adapt to changing market conditions," said Ana María Escobar, vice president of Sales & Customer Management – Airlines, Latin America & the Caribbean, Sabre Travel Solutions. "NDC is valuable for the airline, agency, and traveler, so we're thrilled to have Avianca join us as we continue to drive our long-term [Beyond NDC](#) retailing and distribution vision forward."

Sabre continues to invest in developing airline retailing technology to directly support specific airline distribution strategies and enable agencies efficient access and the ability to shop, book, and service new product offerings. The flexible and scalable nature of Sabre's broad suite of products can help airlines drive increased revenue, reduce costs, and deliver more personalized travel experiences.
