

Sabre Corporation Reports Second Quarter 2014 Results

- Strong Adjusted EBITDA Growth Across Core Businesses
- Full Year Adjusted EBITDA and Adjusted EPS Guidance Increased
- Board of Directors Declares \$0.09 Quarterly Dividend

SOUTHLAKE, Texas, Aug. 7, 2014 /PRNewswire/ -- Sabre Corporation (NASDAQ: SABR) today announced financial results for the quarter ended June 30, 2014.

"We made solid progress in the second quarter both financially and with our initiatives focused on leading the technology transformation of the travel industry," said Tom Klein, Sabre President and CEO. "We saw particularly strong earnings growth as our customers continue to use our technology to increase revenue, reduce costs, and deliver unique, personalized experiences to travelers. Our investments in innovations that allow customers to leverage data and take advantage of mobile services are setting new industry standards. The strong first half and continued positive trends give us confidence to raise Adjusted EBITDA and Adjusted EPS guidance for the year."

Q2 2014 Financial Summary

Sabre reported total consolidated revenue of \$718 million for the quarter ended June 30, 2014, compared to \$768 million for the second quarter of 2013. Consolidated net loss for the second quarter of 2014 totaled \$10.9 million, compared to a net loss of \$116.9 million in the year-ago period. For the second quarter of 2014, Sabre reported a loss per share from continuing operations of \$0.03 per share.

Sabre reported Airline and Hospitality Solutions revenue increased 4.9% to \$187 million from \$178 million in the second quarter of 2013. Travel Network revenue also increased, rising 1.3% to \$462 million from \$456 million for the same period of 2013. Sabre, excluding Travelocity, revenue increased 3.6% from \$614 million in the second quarter of 2013 to \$637 million in the second quarter of 2014.

On an adjusted basis, Sabre reported consolidated adjusted revenue of \$720 million for the quarter ended June 30, 2014, compared to \$768 million for the second quarter of 2013. Adjusted revenue excludes the amortization of incentive payments paid under the Expedia strategic marketing agreement related to the restructuring of Travelocity. Total Company Adjusted EBITDA for the three months ended June 30, 2014 was \$204 million, a 7.2% increase from \$190 million in the prior year period. Sabre reported second quarter 2014 Adjusted Net Income from Continuing Operations (Adjusted EPS) of \$0.22 per share.

Sabre Airline and Hospitality Solutions and Travel Network Adjusted EBITDA increased 31.2% and 5.2%, respectively. Excluding Travelocity, second quarter 2014 total Adjusted EBITDA increased 17.4% to \$213 million from \$181 million in the year-ago quarter.

Cash Flow from Operations totaled \$5 million for the second quarter of 2014, compared to \$79 million in the second quarter of 2013. Adjusted Free Cash flow, which adjusts for the decline in working capital and restructuring costs related to the change in the Travelocity business model and dispositions as well as litigation and other costs (see reconciliation below), totaled \$63 million in the second quarter of 2014, an 8.6% increase from \$58 million of Adjusted Free Cash Flow in the second quarter of 2013. Adjusted Capital Expenditures, which includes capitalized implementation costs, totaled \$69 million for the second quarter of 2014, compared to \$75 million in the year-ago period.

Sabre Airline and Hospitality Solutions

Sabre Airline and Hospitality Solutions leverage SaaS and hosted technologies to enable airlines and hoteliers to increase revenue, reduce costs, and provide better travel experiences for their customers. The business segment primarily drives revenue through flat-fees tied to usage events, such as passengers boarded and hotel rooms booked.

Solid growth across its customer base led to a 4.9% increase in revenue in the second quarter of 2014. This revenue growth was driven in part by an increase in passengers boarded through the SabreSonic[®] airline reservation system. Total passengers boarded were 131 million, a 5.7% increase from 124 million in the second quarter of 2013. Revenue for the quarter was also bolstered by continued growth in Airline Solutions Commercial and Operations Solutions revenue and strong growth in Hospitality Solutions' SynXis Central Reservations System transactions and Digital Marketing Services.

Strong revenue growth and operating leverage across its SaaS and hosted solutions resulted in a 31.2% increase in Airline and Hospitality Solutions Adjusted EBITDA to \$63 million for the second quarter of 2014 versus \$48 million for the prior year period.

Airline and Hospitality Solutions recently signed several significant new agreements. Examples include:

- Spirit Airlines selected Sabre Airline Solutions' leading Flight Plan Manager solution.
- United Airlines selected Sabre Airline Solutions' In-flight Catering solution.
- Swiss regional carrier and current SabreSonic CSS customer, Darwin Airlines, became the latest airline to expand their Sabre footprint to include a full suite of solutions from Sabre Airline Solutions' portfolio of commercial and operations solutions.
- Morgans Hotel Group converted to Sabre Hospitality Solutions' SynXis Central Reservations Solution across all of their properties.

Sabre Travel Network

Sabre Travel Network is one of the world's largest travel marketplaces, handling more than \$100 billion of 2013 travel services transactions with leading solutions for travel agents and travel suppliers. The business primarily recognizes revenue on a transaction-fee basis for travel booked through the Sabre Travel Network.

For the second quarter, Travel Network revenue increased \$6 million, or 1.3%, to \$462 million. Direct billable bookings of 95 million increased slightly versus the prior year period, driven by strong growth in EMEA bookings offset by the unfavorable timing of Easter and a decline of approximately 40% in air travel in Venezuela.

Travel Network second guarter Adjusted EBITDA of \$198 million increased 5.2% from \$188 million for the second guarter of 2013.

Sabre Travel Network continued to increase the value of the marketplace for participants during the second quarter by increasing content and services. During the quarter, Sabre Travel Network:

- Renewed content agreements with Scandinavian Airways and Lufthansa.
- Signed an expanded agreement with International Airline Group (IAG). The agreement includes the addition of ancillary sales for British Airways, Iberia and Iberia Express. Also under the agreement, Vueling will enter the Travel Network for the first time.
- Launched United's Economy Plus seating offering in the Travel Network marketplace, as well as ancillary sales for seven additional airlines. Travel Network has launched ancillary sales for 20 airlines year to date.
- Announced the addition of Expedia Affiliate Network hotel content, which will bring approximately 55,000 new properties into the Travel Network when implemented.

Travelocity

Travelocity includes travelocity.com, the #1 customer satisfaction leader in JD Power's most recent survey, and lastminute.com, one of Europe's strongest travel brands. In August 2013, Sabre entered into a strategic marketing agreement with Expedia that transformed the Travelocity North America business. Under the agreement, the U.S. and Canadian Travelocity websites are powered by the leading Expedia technology platform and content. Sabre maintains responsibility for marketing the world-class Travelocity brand. Under the terms of the agreement, Expedia pays Sabre a performance-based marketing fee that varies based on the amount of travel booked through Travelocity-branded websites powered by Expedia.

With the new agreement in place and the migration essentially completed, second quarter 2014 Travelocity adjusted revenue declined 45.5% to \$84 million compared to \$154 million in the second quarter of 2013. Costs declined through the quarter, but the timing of the transition led to a decline in segment Adjusted EBITDA to a loss of \$9 million, compared to earnings of \$9 million in the second quarter of 2013. The company expects stronger business performance and increasing profitability going forward.

Initial Public Offering

On April 17, 2014, Sabre successfully completed an initial public offering (IPO) of 39,200,000 primary shares of common stock. In addition, the underwriters exercised their option to purchase 5,880,000 additional shares, which closed on April 25, 2014. Sabre shares trade on the NASDAQ Stock Market under the symbol SABR. The net proceeds from the offering were used to reduce outstanding debt, including a \$320 million reduction in 2019 8.5% bonds, and a \$296 million reduction in Term Loan C borrowings.

Dividend

Sabre's Board of Directors has declared a quarterly dividend of \$0.09 cents per share on the Company's common stock. The dividend will be payable on September 16, 2014, to stockholders of record on September 1, 2014.

Business Outlook and Financial Guidance

The following forward-looking statements, as well as those made above, reflect expectations as of August 7, 2014. Sabre assumes no obligation to update these statements. Results may be materially different and are affected by many factors detailed in this release and in Sabre's IPO prospectus and quarterly SEC filings.

In conjunction with the second quarter earnings report, Sabre management reiterated expectations for full year Revenue, while increasing guidance for Adjusted EBITDA, Adjusted Net Income and Adjusted EPS. Adjusted EBITDA guidance was increased from a prior range of \$843 - \$858 million to a current range of \$848 - \$863 million, reflecting strength across Sabre excluding Travelocity. Adjusted Net Income guidance was increased from \$215 - \$230 million to \$222 - \$237 million. Adjusted EPS guidance was increased from a prior range of \$0.86 - \$0.92 to current guidance of \$0.90 - \$0.96.

Certain statements herein are forward-looking statements about trends, future events, uncertainties and our plans and expectations of what may happen in the future. Any statements that are not historical or current facts are forward-looking statements. In many cases, you can identify forward-looking statements by terms such as "may," "will," "should," "expect," "intend," "plan," "goal," "anticipate," "believe," "estimate," "potential" or the negative of these terms or other comparable terminology. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause Sabre's actual results, performance or achievements to be materially different from any future results, performances or achievements expressed or implied by the forwardlooking statements. The potential risks and uncertainties include, among others, dependency on transaction volumes in the global travel industry, particularly air travel transaction volumes, dependence on maintaining and renewing contracts with customers and other counterparties, exposure to pricing pressure in the Travel Networks business, dependence on relationships with travel buyers, changes affecting travel supplier customers, adverse global and regional economic and political conditions, including, but not limited to, conditions in Venezuela and Israel, travel suppliers' usage of alternative distribution models, reliance on third-party distributor partners and joint ventures to extend our GDS services to certain regions, competition in the travel distribution market and solutions markets and exposures relating to the Expedia SMA. More information about potential risks and uncertainties that could affect our business and results of operations is included in the "Risk Factors" and "Cautionary Note Regarding Forward-Looking Statements" sections included in our prospectus filed with the SEC pursuant to Rule 424(b) under the Securities Act of 1933, as amended, on April 17, 2014. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future events, results, actions, levels of activity, performance or achievements. Readers are cautioned not to place undue reliance on these forward-looking statements. Unless required by law, Sabre undertakes no obligation to publicly update or revise any forwardlooking statements to reflect circumstances or events after the date they are made.

Non-GAAP Financial Measures

We have included both financial measures compiled in accordance with GAAP and certain non-GAAP financial measures in this press release, including Adjusted Revenue, Adjusted Net Income, Adjusted EBITDA, Adjusted EPS, Adjusted Capital Expenditures, Free Cash Flow, Adjusted Free Cash Flow and ratios based on these financial measures.

We define Adjusted Revenue as revenue adjusted for the amortization of Expedia Strategic Marketing Agreement (Expedia SMA) incentive payments, which are recorded as a reduction to revenue and are being amortized over the non-cancellable term of the Expedia SMA contract (see Note 3, Restructuring Charges, to our consolidated financial statements included in Part I, Item 1 of our Quarterly Report on Form 10-Q).

We define Adjusted Net Income as income (loss) from continuing operations adjusted for impairment, acquisition related amortization expense, loss (gain) on sale of business and assets, loss on extinguishment of debt, other, net, restructuring and other costs, litigation and taxes, including penalties, stock-based compensation, management fees, amortization of Expedia SMA incentive payments and tax impact of net income adjustments.

We define Adjusted EBITDA as Adjusted Net Income adjusted for depreciation and amortization of property and equipment, amortization of capitalized implementation costs, amortization of upfront incentive consideration, interest expense, and remaining (benefit) provision for income taxes. This Adjusted EBITDA metric differs from (i) the EBITDA metric referenced in the section entitled "—Liquidity and Capital Resources—Senior Secured Credit Facilities" in Part I, Item 2 of our Quarterly Report on Form 10-Q, which is calculated for the purposes of compliance with our debt covenants, and (ii) the Pre-VCP EBITDA and EBITDA metrics referenced in the section entitled "Compensation Discussion and Analysis" in our prospectus filed with the SEC pursuant to Rule 424(b) under the Securities Act on April 17, 2014, which are calculated for the purposes of our annual incentive compensation program and performance-based awards, respectively.

We define Adjusted EPS as Adjusted Net Income (Loss) divided by the applicable share count.

We define Adjusted Capital Expenditures as additions to property and equipment and capitalized implementation costs during the period presented.

We define Free Cash Flow as cash provided by operating activities less cash used in additions to property and equipment. We define Adjusted Free Cash Flow as Free Cash Flow plus the cash flow effect of restructuring and other costs, litigation settlement and tax payments for certain items, other litigation costs, management fees and the working capital impact from the Expedia SMA and the sale of TPN (see "Factors Affecting our Results and Comparability -Travelocity Restructuring" in Part I, Item 2 of our Quarterly Report on Form 10-Q).

Adjusted EBITDA is a key metric used by management and our board of directors to monitor our ongoing core operations because historical results have been significantly impacted by events that are unrelated to our core operations as a result of changes to our business and the regulatory environment. We believe that Adjusted Revenue, Adjusted EPS, Adjusted Net Income, Adjusted EBITDA, Adjusted Capital Expenditures and Adjusted Free Cash Flow and ratios based on these financial measures are used by investors, analysts and other interested parties as measures of financial performance and to evaluate our ability to service debt obligations, fund capital expenditures and meet working capital requirements. Adjusted Capital Expenditures includes cash flows used in investing activities, for property and equipment, and cash flows used in operating activities, for capitalized implementation costs. Our management uses this combined metric in making product investment decisions and determining development resource requirements. We also believe that these measures assist investors in company-to-company and period-to-period comparisons by excluding differences caused by variations in capital structures (affecting interest expense), tax positions and the impact of depreciation and amortization expense. In addition, amounts derived from Adjusted EBITDA are a primary component of certain covenants under our senior secured credit facilities.

Adjusted Revenue, Adjusted EPS, Adjusted Net Income, Adjusted EBITDA, Adjusted Capital Expenditures, Free Cash Flow, Adjusted Free Cash Flow and ratios based on these financial measures are not recognized terms under GAAP. These non-GAAP financial measures and ratios based on them have important limitations as analytical tools, and should not be viewed in isolation and do not

purport to be alternatives to net income as indicators of operating performance or cash flows from operating activities as measures of liquidity. These non-GAAP financial measures and ratios based on them exclude some, but not all, items that affect net income or cash flows from operating activities and these measures may vary among companies. Our use of these measures has limitations as an analytical tool, and you should not consider them in isolation or as substitutes for analysis of our results as reported under GAAP. Some of these limitations are:

- Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may have to be replaced in the future, and Adjusted EBITDA does not reflect cash requirements for such replacements;
- Adjusted Net Income and Adjusted EBITDA do not reflect changes in, or cash requirements for, our working capital needs;
- Adjusted EBITDA does not reflect the interest expense or the cash requirements necessary to service interest or principal
 payments on our indebtedness;
- Adjusted EBITDA does not reflect tax payments that may represent a reduction in cash available to us;
- Free Cash Flow and Adjusted Free Cash Flow do not reflect the cash requirements necessary to service the principal payments on our indebtedness;
- Free Cash Flow and Adjusted Free Cash Flow do not reflect payments related to restructuring, litigation, management fees and Travelocity working capital which reduced the cash available to us:
- Free Cash Flow and Adjusted Free Cash Flow remove the impact of accrual-basis accounting on asset accounts and non-debt liability accounts; and
- Other companies, including companies in our industry, may calculate these non-GAAP financial measures differently, which
 reduces their usefulness as comparative measures.

Non-GAAP Footnotes:

- (1) Net income attributable to non-controlling interests represents an adjustment to include earnings allocated to non-controlling interests held in Sabre Travel Network Middle East of 40% for all periods presented and in Sabre Seyahat Dagitim Sistemleri A.S. of 40% beginning in April 2014 for the three and six months ended June 30, 2014.
- (2) Depreciation and amortization expenses:
 - a. Acquisition related amortization represents amortization of intangible assets from the take-private transaction in 2007 as well as intangibles associated with acquisitions since that date and amortization of the excess basis in our underlying equity in joint ventures.
 - b. Depreciation and amortization of property and equipment includes software developed for internal use.
 - c. Amortization of capitalized implementation costs represents amortization of upfront costs to implement new customer contracts under our SaaS and hosted revenue model.
- (3) Our Travel Network business at times provides upfront incentive consideration to travel agency subscribers at the inception or modification of a service contract, which are capitalized and amortized to cost of revenue over an average expected life of the service contract, generally over three to five years. Such consideration is made with the objective of increasing the number of clients or to ensure or improve customer loyalty. Such service contract terms are established such that the supplier and other fees generated over the life of the contract will exceed the cost of the incentive consideration provided upfront. Such service contracts with travel agency subscribers require that the customer commit to achieving certain economic objectives and generally have terms requiring repayment of the upfront incentive consideration if those objectives are not met.
- (4) Other, net primarily represents foreign exchange gains and losses related to the remeasurement of foreign currency denominated balances included in our consolidated balance sheets into the relevant functional currency.
- (5) Restructuring and other costs represents charges associated with business restructuring and associated changes implemented which resulted in severance benefits related to employee terminations, integration and facility opening or closing costs and other business reorganization costs.
- (6) Represents charges or settlements associated with airline antitrust litigation as well as payments or reserves taken in relation to certain retroactive hotel occupancy and excise tax disputes.
- (7) We have been paying an annual management fee to TPG Global, LLC ("TPG") and Silver Lake Management Company ("Silver Lake") in an amount between (i) \$5

- million and (ii) \$7 million, the actual amount of which is calculated based upon 1% of Adjusted EBITDA, as defined in the MSA, earned by the company in such fiscal year up to a maximum of \$7 million. In addition, the MSA provides for the reimbursement of certain costs incurred by TPG and Silver Lake, which are included in this line item. The MSA was terminated in connection with our initial public offering.
- (8) Represents the impact of the Expedia SMA and TPN on working capital for the six months ended June 30, 2014, which is primarily attributable to the migration of bookings from our technology platform to Expedia's platform and wind down activities associated with TPN (see "Factors Affecting our Results and Comparability—Travelocity Restructuring").
- (9) The adjustments to reconcile cash provided by operating activities to Adjusted Free Cash Flow reflect the amounts expensed in our statements of operations in the respective periods adjusted for cash and non-cash portions in instances where material.
- (10) Includes payment credits used by American Airlines to pay for purchases of our technology services during the six months ended June 30, 2014 and 2013. The payment credits were provided by us as part of our litigation settlement with American Airlines.
