Senior Secured Notes Offering

On March 27, 2015, Sabre Corporation (“Sabre,” the “Company,” “we,” “us,” or “our”) issued a press release announcing the commencement of a proposed offering by its wholly-owned subsidiary Sabre GLOB Inc. (“Sabre GLOB”) of \$530 million aggregate principal amount of senior secured notes due 2023 (the “Notes”). The Notes and the related note guarantees will be offered in a private offering to qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended (the “Securities Act”) and to non-U.S. persons in accordance with Regulation S under the Securities Act. The precise timing, size and terms of the offering are subject to market conditions and other factors.

The Notes and the related note guarantees have not been registered under the Securities Act or any state securities laws. The Notes may not be offered or sold in the United States or to, or for the benefit of, U.S. persons absent registration under, or an applicable exemption from, the registration requirements of the Securities Act and applicable state securities laws.

We expect to use the net proceeds from the sale of the Notes to redeem all of the \$480 million currently outstanding aggregate principal amount of the 8.5% senior secured notes due 2019 issued by Sabre GLOB and to pay accrued interest, premiums, fees and expenses related thereto. Any excess net proceeds will be available for general corporate purposes. The foregoing does not constitute a notice of redemption for or an obligation to issue a notice of redemption for our outstanding notes.

A copy of the press release announcing the offering of the Notes is attached as Exhibit 99.1 to this Form 8-K and incorporated by reference herein.

A confidential offering circular is being furnished to prospective investors in connection with Sabre GLOB’s private offering of the Notes. Certain disclosures that are included in the confidential offering circular are set forth below.

State of Hawaii Litigation Relating to Hotel Occupancy Taxes

In March 2015, the Hawaii Supreme Court ruled that Travelocity is not subject to Hawaii’s transient accommodation tax but is subject to Hawaii’s general excise tax. The court further ruled that an income splitting provision that benefits Travelocity applies to the general excise tax. We initially paid \$34 million in 2013 in order to appeal to the Hawaii Supreme Court and expect to receive a majority of this amount back as a result of this ruling. The hotel occupancy tax litigation is further described under “Item 3. Legal Proceedings” in our Annual Report on 10-K for the year ended December 31, 2014.

US Airways Antitrust Litigation

In January 2015, the federal court in the Southern District of New York issued a summary judgment opinion in the US Airways antitrust litigation that eliminated the claims related to a majority of US Airways’ alleged damages and rejected a request that would have required us to modify language in our customer contracts. US Airways had filed a motion for reconsideration on two issues decided in our favor. In March 2015, the motion for reconsideration was denied. The claims that have been dismissed to date are subject to appeal. The US Airways antitrust litigation is further described under “Item 3. Legal Proceedings” in our Annual Report on 10-K for the year ended December 31, 2014.

Possible Acquisition

As of the date hereof, we are involved in active negotiations for a potential non-U.S. acquisition within the Travel Network business segment for which it is possible that we will enter into an agreement in the second quarter of 2015. If consummated, we anticipate that the acquisition would close in the second or third quarter of 2015 and require approximately \$500 million in funds, including advisory and financing costs. We expect to meet these funding needs through some combination of cash on hand, revolver draw and debt financing. With respect to our consolidated income statement for the year ended December 31, 2014, on a pro forma basis, we expect the acquisition would have resulted in a revenue increase of approximately \$0.25 billion and would have resulted in a modest increase in Adjusted EBITDA. In 2015, we expect the transaction would be approximately neutral to Adjusted EPS, and would have a positive impact on Adjusted EPS thereafter. Both Adjusted EBITDA and Adjusted EPS exclude customary costs such as transaction and restructuring costs and the amortization of intangibles. We cannot assure you that this acquisition will occur on the terms described herein or at all or that it will have the expected impact on our financial results as described above.
